EXAMINER'S COMMENTS

Response to Order Remanding to Examiner

The application was returned to the examiner for matters requiring attention prior to docketing. Specifically, the Examiner's Answer mailed April 1, 2002 was deficient in that the identification of two references, Borst et al and Przelomiec, were missing under the heading of "prior art of record." To correct the above stated deficiency, Borst et al and Przelomiec have been included under the heading of "prior art of record" in the Supplemental Examiner's Answer. Further, it was indicated that the record was incomplete in that there was no response to paper number 13. However, no response is necessary for paper number 13. Paper number 13 is a mailed duplicate copy of paper number 9 which was submitted via facsimile. Paper number 13 has now been unentered and is labeled duplicate of paper number 9. It is the examiner's belief that the application is now in condition for docketing.
